PRIMARY EXAMINER**

DETAILED ACTION

This Office action is in response to Applicant's Amendment filed 6/27/2007.

Allowable Subject Matter

1. Claims 1-13 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest a semiconductor switch circuit having first semiconductor switch, second semiconductor switch, and third semiconductor switch are operated and controlled in the OFF state by the switch control means, said first and second voltage application means are each controlled to the ON state, the first voltage application means applies the potential of the input terminal to a first voltage application point that is the junction between said first semiconductor switch and second semiconductor switch, and the second voltage application means applies the potential of the output terminal to a second voltage application point that is the junction between said second semiconductor switch and third semiconductor switch, as recited in dependent claim 1;

a semiconductor switch circuit having two semiconductor switches are operated and controlled in the OFF state by the switch control means, said voltage application means is controlled to the ON state, and applies to a voltage application point that is the junction of said two semiconductor switches the potential of the input terminal or output terminal to which said one of the semiconductor switches that is connected in parallel to the voltage application means is connected, as recited in the independent claim 2 and in combination of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
